Vickie Robinson, Acting Chief
Telecommunications Access Policy Division
Wireless Competition Bureau
Federal Communications Commission

July 28, 2014

Dear Vickie Robinson:

This is our request for reconsideration by the Bureau regarding DA No-14-940 Released June 30, 2014. The request for reconsideration is based upon the following:

1. The incidents cited in the applicants original appeal due to constituent special circumstances as noted in FCC 10-122 4. Specifically noting:

“In 2006 and 2007, in the Bishop Perry order and the Academy Excellence order, the commission and the bureau respectively granted waivers to applicants who missed the FCC Form 471 filing window deadline to technical malfunctions, school reorganizations, a misunderstanding related to the filing deadline, personal staff emergencies, inadvertent errors or circumstances beyond their control, including inclement weather.”

2. District staff reductions have left only one e-Rate coordinator in the organic Information Technology staff.

I, therefore, respectfully seek your acceptance of this request for waiver or reconsideration. Please use as reference CC Docket No. 02-6.

Thank you in advance for your reconsideration.

Sincerely,

Richard Melson, DRE
Director of Information Technology
